February 7, 2011

Dear Bronna,

New Community Corporation wishes to offer its deepest thanks to Second Chance Toys. As a result of your referral, our organization was able to reap the benefits of a recent toy drive conducted by the Parents Association of Christ Church Nursery School in Short Hills, New Jersey.

Upon her arrival at the church, our Management Administrator, Madge Wilson, was overwhelmed by the sight of hundreds of play things--- from ride-on toys and educational toys to baby items. All were in very good if not excellent condition.

We plan to distribute the toys to the children of some of our needy families in Newark, many of whom are really struggling during these hard, economic times.

Thanks again for putting us in touch with Christ Church! A donation like this really means so much to our inner-city families.

Regards,

Angela
